SPORT MODELS

The sports models are also represented at Top Model Europe in the MEN UNIVERSE category, dedicated to male models aged 16 to 32 with an athletic body.

These models are mainly dedicated to fashion shows or advertising campaigns for sportswears and underwear brands. They are also found in some perfume advertisements.

Every year, Top Model Europe sends the European winners of this category to the Dominican Republic to participate in the world final of the competition.

The latest winners are represented by agencies in New York, Los Angeles and Paris. Some are now renowned influencers and share the values of their passion: sport.

MEN UNIVERSE

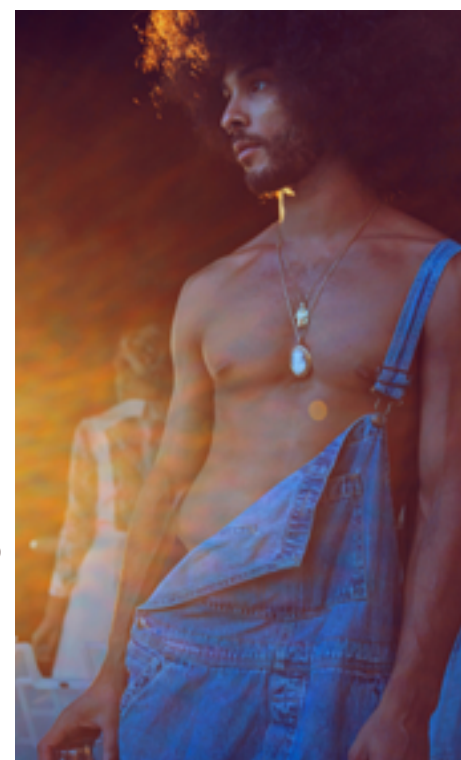

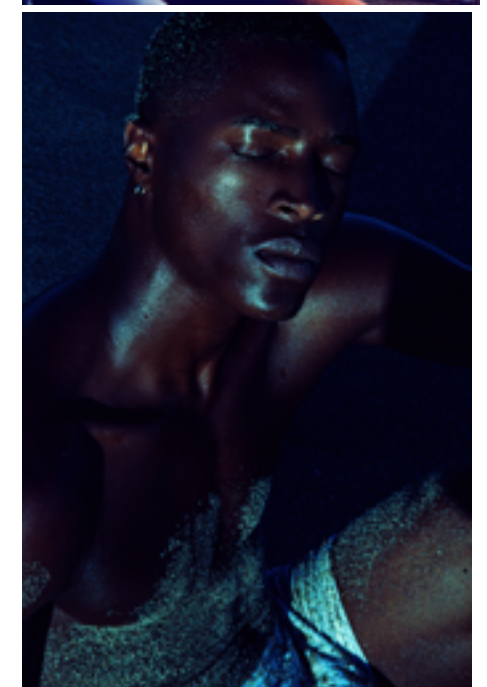

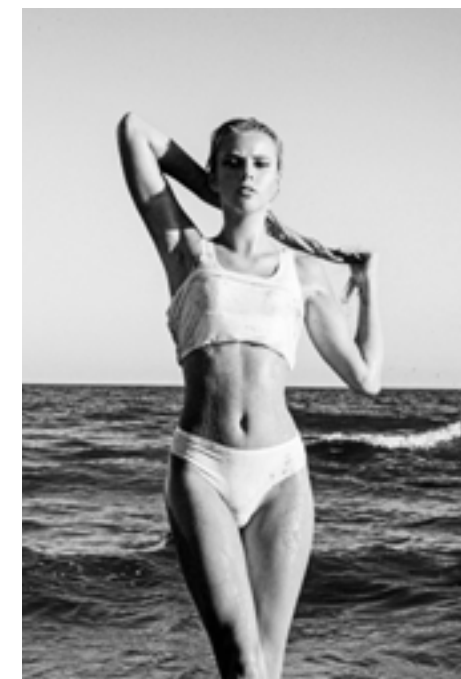

FASHION CAMP WINNERS

The winners of Top Model Europe participate each year in a 7-day «Fashion Camp» in Europe or abroad.

The aim of the Camp is to offer the models quality coaching in order to prepare them for the needs of fashion partners and international agencies. Several photo shoots, runways and trainings are also organized during the Fashion Camp.

Cities that have hosted the Fashion Camp include Rio de Janeiro, Punta Cana, Paris and Montpellier.

Top Model Europe accompanies each step of the evolution of the models until they reach their optimal potential.
